

Counseling Room “IIMASHI”

In the School of Health Sciences, student counselors (faculty members) are available to support students. These counselors are separate from the university-wide Harassment Counseling Officers at Kanazawa University.

You may consult with any counselor, regardless of your department or affiliation.

We are here to help you to find a solution while respecting your privacy.

If you are facing any difficulties, don't struggle alone—please consider reaching out to a student counselor. Support is also available in English.

List of Student Counselors for the 2026 Academic Year (School of Health Sciences)

To schedule a consultation, please contact us by email or phone.
